2026 - 2027

An aerial photograph of two stone towers in a lush green landscape. The towers are circular and made of stone, with some openings. One tower is taller and has a small entrance at the bottom. The other is shorter and has two large arched openings. A paved path winds through the area, and a person is visible walking on it. The surrounding area is filled with green trees and grass.

BY TRAVELERS.

We live here. In the cities, the villages, and the in-between places, which means we don't just know where to go — we know when to go, who to meet, and what not to miss.

Our Product Designers and Tour Managers are part of the communities you'll explore across the UK and Ireland. They've walked these neighborhoods, lingered in tucked-away pubs, shared meals at local tables, and built friendships that open doors most travelers don't even know exist.

That's why you'll stay longer in each destination. Why you'll step into kitchens, courtyards, and corners of local life that don't show up in guidebooks — from village greens to family-run farms, from storied estates to the heart of a bustling city. We build each day with intention — balancing iconic sights with personal connection, time to explore with time to just be.

Because that's how we travel here: with heart, with curiosity, and with people who call these places home.

● Julieann McLoughlin Tour Designer: UK & Ireland

"I'm passionate about creating unforgettable guided group tours that bring the beauty and culture of Ireland to life. Sustainability is at the heart of everything I do, and I design experiences that celebrate local traditions while minimizing environmental impact. From breathtaking landscapes to hidden gems, I love showcasing my homeland and helping travelers connect with Ireland in a meaningful, responsible way."

A photograph of an older couple walking on a wooden dock by a lake. The woman is wearing a bright yellow jacket and blue jeans, and the man is wearing a light blue shirt and dark trousers. They are both looking towards each other and smiling. The background is a dense forest of tall trees, and the water is calm with some reeds in the foreground.

FOR TRAVELERS.

You don't just want to go places — you want to truly experience them. That's why we design our tours with travelers like you in mind.

Each journey is crafted for those who seek to connect, understand, and fully immerse themselves in a destination — not just check it off a list. Because if you're going to explore, you should do it right.

Our travelers come from all walks of life, but they're united by one thing: a deep, shared curiosity about the world.

REIMAGINING GUIDED TRAVEL

Guided travel has picked up a few stereotypes over the years — think cookie-cutter itineraries, long-haul motorcoach rides, and seeing a destination through glass instead of living it. **At Collette, we're evolving what guided travel can be.**

That's why you'll linger longer in each destination. Settle into a cozy pub with live music and a perfectly poured pint. Wander cobblestone streets, explore hidden corners, and get to know the people who call these places home.

Like you, our team is full of curious travelers who seek experience-rich tours — the kind that leave room for connection, discovery, and self-discovery.

“My favorite part was feeling like I was going back in time and exploring the old-world charm — visiting things you always read or see in magazines and seeing them in person. Our tour director was great and very professional and entertaining.”

— RUSSEL W. ON EXPLORING BRITAIN & IRELAND (PG. 24)

GET CLOSER TO CULTURE

Curious travelers aren't content to simply see a destination. That's why **we design tours that fully engage all your senses**, leaving you with a deeper sense of connection to the world around you.

● HANDS-ON ACTIVITIES

Try your hand at Gaelic games, learning the skills and stories behind Ireland's national sports with locals who know them best.

● IMPACT MOMENTS

Step inside Prickly Thistle and get to know this modern tartan mill reimagining one of Scotland's most iconic traditions.

● LIFE WITH LOCALS

Visit Standhill Farm in the Scottish Borders and get to know how this family-owned business focuses on sustainability and innovation.
